INTEGRATED SECURITY SOLUTIONS – ISS PORTFOLIO

شركة القمة الفضائية
Space Top Company

CCTV Surveillance System	Gate Burrier Systems	Intrusion detection system	Access control system	Turnstile Gates	ID's Software & Hardware	Fence & Defense System

Security CCTV surveillance

Security surveillance system are great gadgets that help ensure firms safety & one of the main method used for security where live observation of intrusion & suspected movement

شركة القمة الفضائية
Space Top Company

Types of Space Top CCTV systems
- Network IP based
- Thermal solution
- Long range type
- Indoor and EX Proof
- CCTV with Detectors
- Alarm Signaling solution

Types of Space Top Solution
- Network IP based Servers
- FO Convertors
- Matrix, Joysticks
- Remote Access & DVRS
- API with Alarm

milestone

CCTV Surveillance System	Gate Burrier Systems	Intrusion detection system	Access control system	Turnstile Gates	ID's Software & Hardware	Fence & Defense System

Security Gate Barriers Systems

Gate Burrier Systems used to block the vehicular access through a controlled point, located in gates entrance of private properties, controlling vehicle passage system through security authorized authority.

شركة القمة الفضائية
Space Top Company

### Types of Space Top Burrier systems

- Drop Arm Barriers
- Hydraulic Rising Road blockers
- Personal Parking Barrier
- Shallow Mount Hydraulic Road blockers
- Hydraulic Pop-up Rising Bollards

Types of Space Top Solution

- Automatic License Plate Recognition
- Under Vehicle Inspection System
- Monitor and control Application

9

Intrusion detection systems

An intrusion detection system (IDS) is a device and software application that monitors perimeter using several type of sensors to detect the vibrations, or shock waves, caused by intrusion attempts

شركة القمة الفضائية
Space Top Company

SOUTHWEST MICROWAVE

Types of Space Top Intrusion Detection systems

- Wireless Microwave system
- Fiber-Optic Perimeter System
- Underground Fiber – Net solution

Types of Space Top Solution
- Industrial type O&G System
- Integration with Existing security system
- Integration with Alarm signaling

SINCE1974

| CCTV Surveillance System | Gate Burrier Systems | **Intrusion detection system** | Access control system | Turnstile Gates | ID's Software & Hardware | Fence & Defense System |

Access Control systems

An Electronic systems that are designed to control through a network and they should have an access to a network as part of security control systems

Types of Access Control systems

- Access control application
- Card Reader, Controllers, Modules
- Head counter System
- interlocking & accessories related

Types of Space Top Solution

- Industrial type O&G System
- Integration with Existing security system
- Integration with Alarm signaling

| CCTV Surveillance System | Gate Burrier Systems | Intrusion detection system | **Access control system** | Turnstile Gates | ID's Software & Hardware | Fence & Defense System |

Turnstile Gates

An Electronic systems that are designed to control through a network and they should have an access to a network as part of security control systems

Types of Space Top Turnstile Gate systems

- Full and Half-Height Turnstiles
- Customized numbers of plants Turnstiles
- Indoor access door
- Counter Turnstiles

Types of Space Top Solution

- Industrial type O&G System
- Integration with Existing security system
- Integration with Alarm signaling
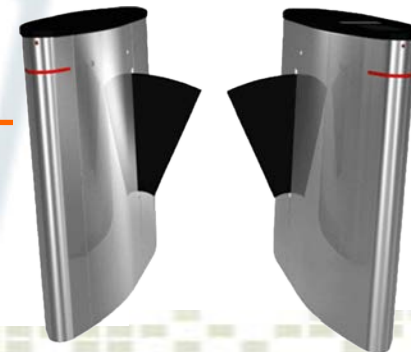

CCTV Surveillance System	Gate Burrier Systems	Intrusion detection system	Access control system	**Turnstile Gates**	ID's Software & Hardware	Fence & Defense System

ID Application

An Electronic systems that are designed control authorized person, or material access and tracking as part of security control systems

شركة القمة الفضائية
Space Top Company

Types of Space Top ID Application & hardware system

- ID printers and accessories related
- Long range wireless RFID systems
- All in one System Finger & Eyes print database .
- Tag application w/barcode readers

Types of Space Top Solution
- Industrial type O&G System
- Integration with access control system
- Easy to maintain and cost effective

Fence and Defense Systems

An Electronic systems that are designed check and inspected visitors and employees.

شركة القمة الفضائية
Space Top Company

Types of Space Top Fence & Defense system

- Compact Radar System, 2D/3D
- Plant Fence according to HCIS Categories
- Sliding gates fabrication
- X-ray systems
- Metal Detector

Types of Space Top Solution
- Industrial type O&G System
- Integration w/access control system
- Easy to maintain and cost effective

TELECOMMUNICATION SOLUTIONS

شركة القمة الفضائية
Space Top Company

| RADIO Solutions | General Alarm solutions | WI-FI Infrastructure | Intercom &, Paging Solution | Public address | Smart city Solutions | Siren Systems |

TELECOMMUNICATION SOLUTION

Radio Systems

Provide LSTK advance state-of-art digital communication solutions system based digital technology, the system provide safe and reliable communication to work quickly and efficiently, comply the HCIS 2017 directive Section 8

Types Radio Solutions

- TETRA/DMR/P25/MTP1327
- Telemetry Modems
- Remote Emergency features
- AVL/GPS systems

RADIO Solutions	General Alarm solutions	WIFI Infrastructure	Intercom &, Paging Solution	Public address	Smart city Solutions	Siren Systems

General Alarm Solutions

These solution is suitable of integrated security products enable industrial firms to protect their people, property and the environment around the world.

Types of Space Top PAGA system

- Outdoor/indoor audio Amplifiers
- Audio signal routing
- Fire Alarms/ Detectors
- Environment sensors
- Emergency announcement

Types of Space Top Solution

- Gas leak alarms over WIFI systems
- Siren and controllers over UHF radio system
- Telemetry alarms transponders

FEDERAL SIGNAL

Wi-Fi infrastructure Solution

Explosion Proof Wi-Fi Access Point is a cost-effective solution for a wide range of wireless applications in Hazardous Locations, connection is easily available and configurable via an internet browser without any need of installing software or drivers.

TELECOMMUNICATION SOLUTION

Industrial Wi-Fi solution specifications

- Wi-Fi Hotspot based on a cellular connectivity
- smallest and most powerful Wi-Fi 1×2 MIMO access point
- High-performance Cellular Dual Ethernet Gateway with Wi-Fi
- Electro-Polished AISI 316 (CF8M) Stainless Steel enclosure.
- RF transmission is made safe using one or more SOLEXY RX/SX Series Ex-Proof and Intrinsically Safe Antenna Coupler

HIRSCHMANN
A BELDEN BRAND

SOLEXY WIRELESS

Radio Solutions	General Alarm Solutions	Wi-Fi Infrastructure	Intercom &, Paging Solution	Public address	Smart city Solutions	Siren Systems

Intercom and Paging System

This solution is suitable of field operation calling system where it enable industrial firms to protect their people, property and the environment in copper communication.

TELECOMMUNICATION SOLUTION

Types of Space Top Paging system

- Outdoor/indoor audio Amplifiers
- Audio signal routing
- Calling Zone and Parties
- Crane Communication over VoIP
- Emergency announcement

Types of Space Top Solution

- Operation communication
- Radio over IP Signaling
- Field Conference call
- Call Zone

COMTROL

Vonamic

TELECOMMUNICATION SOLUTION

Public Address Systems

a system of microphones, amplifiers, and loudspeakers used to amplify speech or music in a large building or at an outdoor gathering.

Types of Space Top Public Address systems

- Outdoor/indoor audio Amplifiers
- Audio signal routing
- Calling Zone and Parties
- Environment announcement
- Emergency announcement
- Remote over IP announcement

| Radio Solutions | General Alarm Solutions | WI-FI Infrastructure | Intercom &, Paging Solution | Public Address | Smart city Solutions | Siren Systems |

Smart City Solution

Solutions support Smart city area that uses different types of electronic Internet of Things sensors to collect data and then use insights gained from that data to manage assets, resources and services efficiently.

TELECOMMUNICATION SOLUTION

- Smart Oil & Gas station , Retails a& consumer good
- Industrial IoT , Public, city wide Wi-Fi
- Smart lighting and smart sensors
- City wise surveillances system with detectors and fast response networks
- Application of a wide range of electronic and digital technologies to communities and cities.
- Use of ICT to transform life and working environments within the region.
- Embedding of such Information and Communications Technologies (ICTs)

Siren Systems

As long First article is about safety in the Oil & Gas industry early warning systems with electronic bells siren system in one of target system in the territory.

Types of Space Top Solution

- Emergency announcement using fire system or siren system despatcher
- Designated zone activation signals per area or code
- Integration siren announcement with Alarm beacons light
- Sound level pressure and audio coverage mapping engineering
- Integration to existing security and fire systems
- Maintenance and Reporting
